load span table

3297

RIDGELIGHT

PROFILE #: 297

Formulations Currently Available: 6oz. General Purpose

This information is provided as preliminary data for designers. It should be checked and verified and its use determined by a duly licensed engineer or architect. **NOTE:** Spans will vary with resin formulation, glass content, and thickness. For data on other profiles, formulations, or conditions contact the technical department. **DISCLAIMER:** These load span tables do not reflect any span reduction that may be associated with various fastening options

We believe all information given is accurate, without guarantee. Since conditions of use are beyond our control, all risks are assumed by the user. Nothing herein shall be construed as a recommendation for uses which infringe on valid patents or as extending a license under valid patents. See our most current SDS at cranecomposites.com/sds.html prior to working with our products.

A global leading provider of resilient wall and ceiling coverings. Kemlite® was established in 1954 and the company changed names to Crane Composites in 2007. Crane Composites is headquartered in Channahon, IL and all our products are manufactured in the United States. We work with hundreds of distributors, ensuring our products are easily accessible and readily available to our customers.
